

UConn 4-H: Positive Youth Development

UConn 4-H is the youth development program of Extension in UConn's College of Agriculture, Health and Natural Resources. 4-H is a community of over six million young people across the U.S. who are learning Science, Technology, Engineering and Math (STEM), leadership, citizenship and life skills through their 4-H project work.

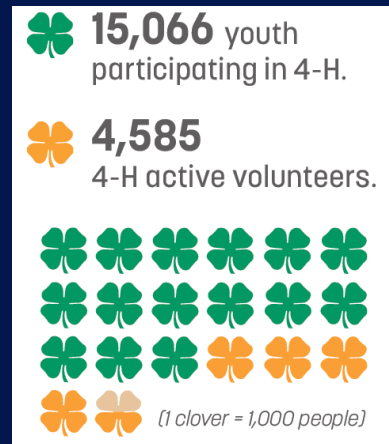

4-H provides youth with the opportunity to develop lifelong skills including civic engagement and healthy living. Programs are based in all eight Connecticut counties with clubs, after school programs, and other opportunities. Learn more and enroll your child in the UConn 4-H program at s.uconn.edu/4-h
