We all live in a hyper-connected world. What does it mean to be **civically engaged** in a positive way as a young person in today's world? We will explore this question and learn ways to be better citizens online and in the real world. Join us as we immerse ourselves in a day of discussion, discovery and hands-on learning.

## **Poster Contest**

Within our projects, 4-H focuses on Head, Heart, Hands and Health. How do you display honor & respect in your 4-H project? Create a poster to share with others.
