The 81st Annual Tolland County 4-H Fair
Proudly Dedicates the 2023 Fair Premium Book to:

The Morey Family

Over the years, the Morey family has been a huge part of 4-H and the agricultural scene in Connecticut. They have inspired so many people's love for agriculture. Both Scott and his wife Heidi grew up showing livestock together in Connecticut 4-H — and after graduating from UConn, they eventually went out west to Kansas State University to pursue Veterinary Medicine. After they completed their education, they stayed in Kansas until 2014 before moving back to Connecticut. In addition to the many 4-H kids they have mentored throughout the years, Scott and Heidi raised two beautiful children, Ashlynn and Jackson. Both Ashlynn and Jackson have taken after their parents by sharing their own love for animals and showing beef cattle in 4-H. Scott and Heidi also founded Fenton River Veterinary Hospital which now has three practices spanning northeastern Connecticut.

Unfortunately, in 2021, Scott was diagnosed with an aggressive form of glioblastoma, a brain tumor. However, he did not let that diagnosis define him — and in typical Scott fashion, he continued to be an outstanding veterinarian, 4-H leader and, above all else, an amazing father and husband to his family. Scott continued to push through his illness and live his life to the fullest until September of 2022, passing peacefully and leaving behind a lasting legacy from a lifetime of achievements. Scott is known for his determination, dedication and “get stuff done” mentality. Today, he serves as an inspiration to all 4-Hers and people alike.

The Morey family has been so involved with 4-H throughout their lives and we are honored to dedicate the 2023 Tolland County 4-H fairbook to them.

2023 President's Message

“Tolland County 4-H: Oh the Places You’ll Grow in 4-H”. Every year, our Fairboard chooses a theme for the year, and this year, we chose this Dr. Seuss-inspired saying. But to us, our theme is more than just a saying; it’s what motivates what we do and how we do it all throughout our time planning and executing the fair! This year, I have seen our directors face many obstacles, but I have also had the privilege of experiencing us learn and grow in how we respond to and resolve those issues as well. I have seen our directors stepping up to take responsible and creative action in making this year’s fair as great as possible, and I am so thankful to have been able to serve alongside you all! Thank you to the 2022-2023 Fairboard directors and advisors for all you have done to bring this wonderful fair together again this year! And thank you to all the clubs, 4-H members, and families who contribute your time, energy, and excitement, and make the fair what it is! This has been an amazing last year of 4-H for me and I am excited to see my fellow 4-Hers grow in their future years.

Sincerely,

Anneliese Person

2023 BAKING CONTESTS RULES

Each year The Association of Connecticut Fairs sponsors baking contests open to the public at participating member fairs. There are separate contests for Junior and Adult divisions, each with a specific recipe. A Two-Crusted Apple Pie Baking contest is also held.

WHO MAY ENTER: The contest at each participating member fair is open to all men, women and juniors. Commercial, industrial or professional bakers are not eligible. Divisions: Juniors (ages 7 to 15 as of July 1st) and Adult.

HOW TO ENTER: All men, women or juniors entering a contest at any participating member fair is automatically entered and competing in the local contest. Contestants may enter the contest at as many fairs as they wish until they win first prize. They will then represent that fair at the state baking contest. Please submit entries to both the local and state contest on disposable plates. The Association of Connecticut Fairs and the member fairs are not responsible for the return of plates, trays or containers.

JUDGING: Judging will be based on appearance, flavor and texture. The Association of Connecticut Fairs will furnish judges' score sheets to each fair and the contestant will receive these sheets at the end of the contest. Additions, deletions or substitutions in the recipe are not permitted and will result in disqualification. All decisions of the judges are final.

LOCAL CONTEST: The winner of the local contest will receive a blue ribbon from the Association of Connecticut Fairs and will then become eligible to submit their entry at the state contest. In the event that only one entry is received at the local contest and that entry is worthy of first prize, that entry must be awarded the first place ribbon.

STATE CONTEST: The state contest is held as part of the Fall Meeting and Convention of the Association of Connecticut Fairs. Entries for the state contest are accepted from 8:00 am to 10:00 a.m. on the day of the judging (contact your local fair or visit www.ctagfairs.org for the date and location). Contest winners are announced at the Fall Meeting. Each fair is responsible for contacting their contest winner and providing them with information. ¾ cup white sugar

¼ cup butter

1 egg

2 teaspoons lemon zest

1 ½ cups plus 1 tablespoon King Arthur all-purpose baking flour, divided

2 teaspoons baking powder

½ teaspoon salt

½ cup milk

1 ½ cups fresh blueberries

Tolland County 4-H Fair

For the topping:

¼ cup plus 1 tablespoon butter

¼ cup brown sugar

¼ cup white sugar

1/3 cup King Arthur all-purpose baking flour

½ teaspoon ground cinnamon

Directions

Preheat the oven to 350 degrees F.

Grease 8x8 inch pan.

In a large bowl, cream ¾ cup white sugar, ¼ cup butter, 1 egg, and lemon zest together until fluffy.

In a separate bowl, combine 1 ½ cups flour with the baking powder and salt.

Add the dry ingredient mixture and the milk into the sugar mixture, alternating between the two as you add and mixing until just combined.

Toss the blueberries with 1 tablespoon of flour then fold blueberries into the batter.

Spread the batter evenly in the prepared pan.

For the topping, combine the butter, brown sugar, white sugar, flour, and cinnamon together in a small bowl until a crumbly mixture forms.

CLASS 15

SENIOR BAKING CONTEST

Section A LOT 1

Pane Bianco

Ingredients

Dough:

3 cups King Arthur all-purpose baking flour

2 teaspoons instant yeast

1 ¼ teaspoons salt

1 large egg

½ cup milk, lukewarm

¼ cup water, lukewarm

3 tablespoons olive oil

Filing:

½ cup shredded Fontina cheese

¼ cup shredded Parmesan cheese

½ cup oil-packed sun-dried tomatoes

3 garlic cloves, peeled and minced

1 ½ teaspoons dried basil

Directions

To make the dough: Measure the flour and gently spoon it into a cup, then sweep off any excess. Combine all of the dough ingredients in a bowl, then mix and knead to make smooth, very soft dough.

Place the dough in a lightly greased bowl, cover, and let it rise until it's doubled in size, about 45-60 minutes.

Meanwhile, thoroughly drain the tomatoes, patting them dry. Use kitchen shears or a sharp knife to cut them into smaller bits.

Place the dough on a lightly floured surface and pat or roll into a 22" x 8 ½" rectangle, deflating it slightly. Spread with the cheese, tomatoes, garlic, and basil.

Starting with one long edge, roll the dough into a log the long way. Pinch the edges to seal. Place the log seam-side down on a lightly greased or parchment-lined baking sheet.

Tolland County 4-H Fair

Using kitchen shears, start ½' from one end and cut the log lengthwise down the center about 1" deep, to within ½" of the other end.

Keeping the cut side up, form an "S" shape. Tuck both ends under the center of the "S" to form a "figure 8" then pinch the ends together to seal. When shaping the loaf, tuck any larger pieces of tomato or basil down into the dough (to avoid char).

Cover and let rise in a warm place until double in size, 45-60 minutes.

While the loaf is rising, preheat the oven to 350 degrees F.

Uncover the bread, and bake it for 35-40 minutes, tenting it with foil after 20-25 minutes to prevent over-browning.

Remove the bread from the oven and transfer it to a rack to cool.

Submit on a foil-covered cardboard no wider than an inch from the bread.

CLASS 16 TWO-CRUSTED APPLE PIE CONTEST

The main ingredient must be apples. However, pies may include other fruits or ingredients.

3. All small engine exhibits and exhibitors must be pre-registered by Friday, July 29, 2022 by 5 pm and be on the fairgrounds no later than 9 pm on Thursday of fair week.
4. All exhibitors must have exhibits on display for the entire time the fair is in session.
5. All exhibitors entering a small engine project into the fair must be present at the time of showmanship judging at 9am Friday morning of the fair.
6. All exhibitors must be in neat, clean and presentable attire. (no shorts or tank tops, or T-shirts unless a club T-shirt)
7. Any lawn tractor being operated on fairgrounds must have a braking system, kill switch, and a low throttle setting by either a dash lever or a foot pedal.
8. Any exhibitor operating their lawn tractor on fairgrounds other than scheduled fair events, must have permission from the tractor steward, sit completely on the seat facing forward, and operate the tractor as directed by the tractor steward.
9. Any exhibitor using a lawn tractor for the lawn tractor pulling competition must submit their tractor in showmanship (Section A) to be judged as a project and must have read and signed the **Tolland County 4-H Fair Small Engine Lawn Tractor Pulling Event Rules** that is provided by the club leadership team.
10. All exhibitors will have a mandatory written knowledge test given by the presiding steward and will be taken on Thursday evening when exhibitors bring their projects in for display.
11. The Tolland County 4-H Fair Small Engine Lawn Tractor Pulling Event is strictly limited to registered members of the Piston Pushers 4-H club of Tolland County.
12. Any Piston Pusher member that intends to pull with his/her lawn tractor must fill out a **Tolland County Small Engine Project Verification Form**. Any tractor submitted for pulling that has previously competed in the Tolland County 4-H Fair Small Engine Lawn Tractor Pulling Event must have changes made other than general maintenance done by the 4-H member for the current 4-H year.
13. The purpose of this event is for each contestant to learn how to achieve a full pull and advance in the competition.
 - A full pull means that the tractor needs to make one continuous pull of 48” without stopping. Each contestant has 3 tries to make a full pull. The longest distance pulled within the 3 tries will be the distance recorded on the official score sheet.
 - A contestant’s tractor that does not make a full pull is automatically eliminated from the competition.
 - **The pulling judge has the final determination of a full pull. Contestants can only skip a weight class for unexpected repairs.**

Tolland County 4-H Fair

14. All work, repairs, and modifications done on pulling tractors must be done by the 4-H member, except for welding and grinding of parts by a qualified person. 4-H members can help other 4-H members, but anyone other than a 4-H member helping with work of any type, other than welding or grinding, will cause the exhibitor and tractor to be eliminated from the pulling event.
15. If there are only 2 contestants left, and there are repairs needed, a 15 minute repair time will be given, or they forfeit the pull.
16. If a contestant is to complete repairs and re-enter the weight class there will be no weight penalty assessed. If the contestant must entirely skip a weight class, a 300lb weight penalty will be assessed at the end of the pulling event.
17. The only fuels allowed to be used in this event are pump Gasoline (82 to 93 octane only), or Diesel Fuel.
18. Each contestant has 3 tries to obtain a full pull within each weight class. Except for the hitch height adjustment, no other modifications can be done while the contestant is in the middle of his/her 3 tries within each weight class. The contestant can only adjust the hitch height once during the three tries for that weight class.
19. Modifications to a pulling tractor (adding weight to the tractor, letting air out of the tires to get better traction or any general repairs) can only be made if the tractor has made a full pull and is preparing for the next weight class. These modifications can only be made off the pulling pad between weight classes by the operator of the tractor.
20. Any lawn tractor competing that has a hitch that is higher than the centerline of the rear axle, must have wheelie bars. If the hitch is at or below the centerline of the rear axle it will be considered a factory stock hitch. The ends of the wheelie bars must extend a minimum of 4" from the outside edge of the rear tires and a maximum of 3" high off the ground to prevent tractors from flipping over backwards.
21. All Contestants in this event must wear an approved helmet during the actual pulling of weight. (The helmet does not have to be worn while maneuvering the tractor into pulling position)
22. All tractors in this event must have a kill switch on the dash or a dead man kill switch (a tether going from kill switch to the contestant sitting on the tractor).
23. All tractors in the pulling event must have 3/8 inch forged hook attached to the hitch with the opening of the hook facing upwards. NO EXCEPTIONS. Any tractor without this type of hook will NOT be able to compete.
24. Any tractor operator in pulling mode that begins to dig holes without moving the sled will be asked to stop and reposition on the pulling pad. If the tractor, after 3 tries, cannot pull the sled of weight without digging holes, that tractor will be eliminated from the pulling event. All tractors pulling weight must be lined up straight with the sled, not in the direction of safety ropes on either side of the pulling pad. **The pulling judge has the final determination of this rule.**
25. Only 4 people are allowed on the Pulling Pad
 - the pulling judge
 - chain hooking operator/spotter
 - tape measurer
 - driver of the tractor
26. All tractors entering the pulling pad must be in the lowest throttle setting. The throttle setting can only be increased when the operator engages in pulling the weight on the pulling sled. Once the operator is told to stop, the engine must return to the lowest throttle setting.
27. Once on the pulling pad and waiting to be hooked up to the pulling sled the tractor operator must have

Tolland County 4-H Fair

- his foot on the brake
 - the tractor must be in neutral
 - the operator's hands must be in the air with their eyes on the Pit Boss awaiting indication to start pulling
 - at all times, the operator must keep his/her eyes on the spotter for instruction
28. Before the tractor operator engages in pulling the weight on the pulling sled the tractor operator must indicate to the spotter where all emergency kill switches are located.
29. If anything (parts, weights, or straps) falls off a pulling tractor while attached to the weight sled, that pulling tractor is eliminated from the pulling event.
30. Pulling Configuration-
- All stock tractors will start at 500lbs then the stock tractors only will continue until they can't pull any more weight
 - Starting weight for Modified 1100lbs
 - Starting weight for Super modified 1400lbs
 - Stock tractors still pulling at 1400lbs can continue in the pull at this weight until they are eliminated
 - Each Class will have a ribbon placement of 1st, 2nd, and 3rd place only

IMPORTANT NOTICE

*****All animals for which there is a licensed Rabies vaccine - cattle, horses, sheep, dogs, cats and ferrets-exposed to the public shall be vaccinated against Rabies. Animals not having an approved Rabies vaccination shall be displayed in a manner such that the public would not be in contact or exposed to saliva from those animals and have EASILY VISIBLE POSTED SIGNS OR TAPE stating, "CONNECTICUT RABIES ADVISORY NOTICE - DO NOT FEED OR TOUCH ANIMALS".*****

On August 4, 2009, the Department of Agriculture adopted regulations for the "Control of Rabies in Public Settings" which will be enforced at all Connecticut fairs and public exhibitions. The complete text of the regulations, RCSA §§ 22-359-1 through 22-359-5, follows this notice.

Its provisions include the following for both Connecticut and out of state animals:

- (1) **Animals for which there is a licensed Rabies vaccine**
 - Horses, cattle, sheep, dogs and cats must be currently vaccinated against rabies by a licensed veterinarian unless they are under the minimum age to be vaccinated. (Ferrets are also included in this category if displayed.)
 - These animals must have a rabies vaccination certificate signed by the licensed veterinarian administering the vaccine that includes the animal's identification and description, name and address of owner, name of the vaccine's manufacturer, serial number, and date the vaccination was administered and date when it expires.
 - If it is the animal's first vaccination, it must be given at least **30 days** prior to the first show date to be

Tolland County 4-H Fair

considered current.

- (2) **Animals not having an approved Rabies vaccination**
- Includes animals for which there is not a licensed rabies vaccine and animals for which there is a licensed rabies vaccine but are under the age to be vaccinated. (Most rabies vaccines are labeled to be administered when animals reach 3 months of age - young animals for exhibition should be vaccinated as soon as possible after 3 months of age.)
 - Animals must be separated from the public by sufficient means to avoid direct contact with people and other animals, such as a double fence, plexiglass, or other means; or conspicuous signs or tape must be posted near the animal enclosure stating "CONNECTICUT RABIES ADVISORY NOTICE - DO NOT FEED OR TOUCH ANIMALS".

Yellow tape with the rabies advisory notice wording is available for purchase from the Department of Agriculture. Please, contact the Department at (860) 713-2504 if you have questions regarding the requirements, the rabies regulations or if you wish to obtain the rabies advisory notice tape.

CONNECTICUT 4-H FAIRS RABIES VACCINATION REQUIREMENT

If there is a licensed rabies vaccine for a species, those animals must have current rabies vaccinations to enter any Connecticut 4-H Fair. Remember that cattle and sheep need to be 3 months old to get the rabies vaccine and that it takes 30 days to be effective. There is not a licensed rabies vaccine for goats, rabbits, swine, or camelids. They may be exhibited, but will be separated from close contact with the public.

CLASS 42 LIVESTOCK PREMIER SHOWMANSHIP

The Premier Showmanship Contest includes the Fitting and Showmanship Grand Champion of Beef, Sheep, Swine, Dairy, Working Steers, Camelids, Goats, Poultry, Rabbits and Horses. The highest placing Tolland County horse showman at the State Horse show will be eligible for the 4-H fair premier showmanship class.
